H-OLI is a container for the communal collection of used vegetable cooking oil from apartment blocks and other public collection points.

The drum is made in weather-resistant HDPE, it is washable and recyclable at the end of its useful life.

The container is provided with a H-OLI lid for practical and safe collection of used vegetable cooking oils.

The filling aperture includes a wide funnel with recessed filter and an anti-spill safety valve to reduce and stop the flow, in the event of accidental overturning, it also prevents overfilling.

It also has an optional odour filter (lasting approx. 2 years) and a float level gauge.

The H-OLI collection container is supplied with a secondary lid that makes the container UN/RID/ADR approved for safe transport.

Options:

H-OLI Kit, Oil Only 120 Platform, lock with universal key, vinyl labels.
