OLIVBOX 800 is a container for the separate collection of used cooking oil in sealed plastic bottles - not for loose oil. The 800 litre volume container (ext. diameter 125 cm, int. diameter 105 cm, height 135 cm - approx.) can hold about 200-300 one litre bottles. Once full, the base is fork-lift shaped for easy movement and transport. The container is made in HDPE and resistant to damage from the weather and oil.

Available in versions:

OLIVBOX 800 NEW, Code OV-60.300D – to be positioned near highways or at open strategic collection points, it is supplied with bars to protect the sides and ground anchors, to resist destabilisation by strong winds.

Optional: Vinyl labels.
